AUDIO VISIAL – ZOOM

An A/V Tech operates and maintains audio and visual technology. Trouble shoots equipment problems, installs a system, and links multiple pieces of hardware together, ensures a delivery of sound and visuals throughout the presentation.

The AV Tech operates at Member Meetings, some Zoom Meetings (Quilt Show, Board Meetings, Team Chats) or other live events whenever needed.

Shares the responsibility for set-up and tear-down of Audio Equipment

Cares for the AV equipment, microphones, screens, speakers, digital displays. Many times working with the Webmaster.

A/V is an essential part of the Sinnissippi Quilters Programs.
